

INJURY FREE ENVIRONMENT

ZERO COMPROMISES WHEN IT COMES TO SAFETY.

Our Company is committed to a safe and injury-free work environment. This commitment is founded on a corporate and individual belief that safety is a value and is not to be compromised by cost or schedule. Everyone has the right to go home safely at the end of the day. All managers, supervisors, employee-owners, and subcontractors must understand their safety responsibilities and will be held accountable for their health and safety performance.

THE INJURY FREE ENVIRONMENT IS BASED ON THE FOLLOWING PREMISES:

- All incidents and injuries are preventable; no level of incident or injury is acceptable or tolerated.
- Injury free operations are possible in construction; prevailing mindsets and convictions exist to do the right thing and what is necessary to achieve that state.
- A continuous elevation of safety awareness; a journey of continuous improvement to advance safety and achieve a heightened state of awareness where workers choose to be responsible and accountable for their own safety and the safety of their co-workers.
